

NEW 4 U

A quarterly display of products designed around your needs

THE PILL TIMER

The Pill Timer is aimed at helping people remember to take their medications on time. This easy-to-use device prevents overdose and under dosage of medications.

Features of the Pill Timer include simple, one-button setting, large, easy-to-read numbers, and automatic reset when the cap is replaced. The one- to 24-hour patented alarm system built directly into the prescription-vial cap sets off a loud beeping sound when a dosage is missed.

The Pill Timer comes with an approved prescription vial and a self-adhesive medication ID label.

The Pill Timer costs under \$10.00 (U.S.) and can help save lives by reminding people to take their medications properly and on time. A great stocking stuffer!

WOODHOODZ

WoodHoodz SuitAbilities offers fleece accessories designed to help people with disabilities and joint, circulatory and respiratory problems deal with the cold.

The Wrist Warmers, CalfCuddlers and ElbowAids are fleece joint wraps that help increase circulation and reduce vascular constriction.

The Pull-On Palm Protectors are leather and fleece fingerless hand protection that help protect your hands while wheeling. Velcro Palm Protectors are made from non-slip suede and lined with fleece. They are easy to put on and take off.

FacEssentials protect against frostbite. They fasten with Velcro and have no loose ends, eliminating the danger of a scarf getting caught. Asthmatic FacEssentials warm and humidify the air you breathe.

Power Mittz are designed to allow you access to your wheelchair joystick without exposing your fingers to winter's cold.

Ask about these products and more. A portion of sales of some products benefits the Canadian Paraplegic Association, the Asthma Society of Canada and the Stephanie Gaetz KeepSafe Foundation.

Pharma Save stores in the Atlantic provinces.

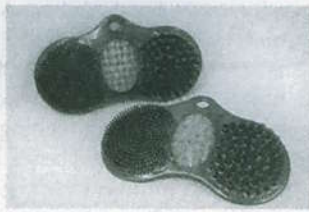

THE ELITE FOOT CARE SYSTEM

Pamper your feet with the new Elite Foot Care system by McNaughton Inc. This three-in-one foot care product scrubs, massages and pampers your feet with three different surfaces – one cleans, one massages and one stimulates.

The Elite suction to the floor of your tub or shower, and comes in pearl blue and pearl silver.

The grass-like surface gently cleans your feet. The more tactile surface provides a foot massage and increases circulation. And the centre oval surface provides a deep stimulation that eases tension in the heel and ball of the foot.

The centre oval is detachable and can be replaced with an automatic soap dispenser.

Regular use of the Elite Foot Care system will get feet cleaner and keep feet healthier.

EASYSTAND GLIDER

The EasyStand 6000 Glider is an active standing system for people who are unable to stand upright or walk on

their own. It offers safe, dynamic leg movement and therapeutic motion while standing. The ergonomically designed glider handles are linked together, allowing one leg to move forward while the other moves back.

The health benefits of standing are enhanced with the EasyStand Glider. To use

it, simply transfer to the seat, pump up to a standing position and move the glider handles for leg motion and upper body therapy.

Individually adjustable resistance cylinders provide users with 10 different settings, from mild to vigorous.
