

Cold Weather Accessories by WoodHoodz

Looking for cold weather accessories that are highly functional, unique, stylish and user-friendly? WoodHoodz SuitAbilities is the leading designer, manufacturer and distributor of therapeutic and assistive fleece accessories in Canada. Created by Munster Hamlet native Marta Wood, WoodHoodz products are designed to help people cope with cold temperatures and are especially suitable for people with respiratory illnesses such as asthma and cystic fibrosis and ailments which cause circulatory, joint and soft tissue problems such as arthritis, diabetes, fibromyalgia, cancer or physical disabilities.

WoodHoodz creations include Wrist Warmers, Calf Cuddlers and Elbow Aids — fleece joint wraps which help reduce vaso-constriction of the arteries and increase circulation. This reduces the pain of Arthritis, Fibromyalgia, Diabetes, poor circulation and muscle tension. Joint wraps also protect against skin tears, pressure sores and irritations from braces.

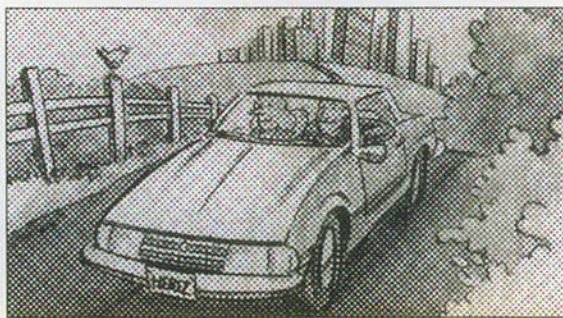

A variety of slippers and bed socks are available which protect your feet in bed

while increasing circulation. They are designed with flat seams, are non constrictive and breathable so your feet don't sweat.

WoodHoodz headgear includes hats, headbands and FacEssentials. FacEssentials protect against frostbite, fasten with Velcro and have no loose ends. FacEssentials cover the upper chest area as well as the back of the neck. Worn as a neck warmer the FacEssential replaces the scarf and, when needed, can be pulled up to cover the face. The FacEssential stays in place by hugging the contours of your face, chin and neck. FacEssentials are easy to put on and take off and are machine washable.

WoodHoodz SuitAbilities products are available in all Shoppers Home Health Care stores across Canada. For more information on these and other WoodHoodz products, visit WoodHoodz SuitAbilities on the web at www.woodhoodz.com or www.suitabilities.com or call (613) 838-2330.
